

Ease the Worry of Payment with a Multiple Check Service

The cost of unexpected repairs can put a strain on your customers. With Multiple Check in place offer your customers an easier way to pay by check. When payment is due, customers can write 2 – 4 checks equaling the total amount. Your shop then deposits the checks over a period of time, up to thirty days. This gives your customers the extra time they need to pay for necessary services and maintenance.

A check guarantee service from CrossCheck lets you accept checks easily and quickly from your customers. Checks are authorized in seconds by phone, credit card terminal or through the Internet using your PC. Should a check be returned, submit it for claims processing and reimbursement.

Premiums, including Multiple Check, are available with Standard Guarantee to tailor the program to fit the needs of your business.

With Multiple Check in place:

- Accept 2-4 checks for a single payment
- Checks are all dated the same day, no postdates
- Approve the checks on the same day through CrossCheck's phone, terminal or Internet authorization systems
- Deposit the checks on a schedule agreed upon by you and your customer
- Checks are guaranteed up to the maximum approval amount
- Should a check be returned, send it to CrossCheck for claims processing

Approve checks quickly and easily by phone, terminal or Internet. Ask about our loaner equipment program.
